VOLUME CVI.---NO. 76. ALEXANDRIA, VA., FRIDAY EVENING, MARCH 31, 1905. PRICE 2 CENTS.

"Shut your eyes, open your mouth and see what luck will bring you."

Many a woman is weak and sick, nervous and discouraged. She suffers from headache, backache and other ills. She wants to be well, but all she does is to shut her eyes and open her mouth for medicine and trust to luck for results. She "doctors" month after month, often year after year, in this same blind, hap-hazard fashion, and receives no permanent benefit.

Women take Dr. Pierce's Favorite Prescription with their eyes open to the fact that it cures womanly ills. It cures irregularity. It dries debilitating drains. It heals inflammation and ulceration and cures female weakness. There is no trusting to luck by those who use "Favorite Prescription."

"In the year 1903 my health was poor," writes Mrs. J. Hack, of 243 Broadway, Buffalo, N. Y. "I suffered from falling of womb, a disagreeable discharge, painful monthly periods, headache, backache and pains in the limbs. Every month was confined to bed for two or three days. Was weak, nervous and hysterical; life was a burden to myself and I made every one in the family unhappy because I was so irritable. My husband got me four bottles of Dr. Pierce's Favorite Prescription, and before I had taken the first bottle I was feeling some relief. The medicine made me well and strong, free from nervousness, aches and pain, and I felt like a new woman. Before I used the 'Favorite Prescription' I had been taking another physician's medicine for nearly three months, but had received no benefit. Your medicine is certainly the best in the world."

A man or woman who neglects constipation suffers from slow poisoning. Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. Don't let a selfish seller over-persuade you to accept a substitute for these **Original Little Liver Pills**, first put up by old Dr. R. V. Pierce over 40 years ago. Much imitated but never equaled.

FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Objects to Term Philanthropist.

"I never said that to die rich is to die disgraced. What I did say was much more sensible, and nearer the truth." So said Andrew Carnegie, sitting in the library of his Fifth avenue home in New York and discussing his gifts to colleges and other institutions. Continuing, he said:

"I object to the term philanthropist when applied to myself. I have always understood it to mean a man with more money than brains. In my work for humanity I propose to use the brains I have as well as I tried to do in accumulating the means of doing good and making myself and other people happy. In what I am now doing I find supreme satisfaction. I know of no pleasure in life which for me is comparable to creating a library which is not mine when created, but belongs to the people. A library is a cradle of democracy. I do not expect to impoverish myself, but I hope to set in motion systems of wise and practical benevolence in which what fortune I leave may be wisely and profitably employed by those who come after me."

Reference to the memorandum kept by Mr. Carnegie's secretary developed the fact that his unfilled promises in the matter of endowments for colleges and libraries amounted to $17,000,000, and the ironmaster said he was the happiest man in New York.

Mr. Carnegie made it plain that he was not aiding colleges and giving libraries indiscriminately. On this point he said:

"I must be assured in the first instance that there exists a pressing need which cannot be met by the resources at the command of the trustees. I must then be assured that the enterprise is one which has reason for being, which is managed wisely and conservatively, and which has a reasonable chance of being self-sustaining."

At present Mr. Carnegie is giving at the rate of $20,000 a day for libraries and is looking for another outlet for his benevolence.

Destitution in Spain.

The Madrid newspapers state that the distress in Andalusia continually increases. Thousands of persons are in a famishing condition, and are unable to help themselves. The authorities at Antequera, twenty-eight miles northwest of Malaga, began the distribution of bread to the starving residents, whereupon the populace raided the wagons and wolfishly seized the bread they were carrying. Much of the food was wasted by this action, and hundreds were unable to obtain any at all.

Similar occurrences at Coin, a town twenty-one miles west of Malaga, led to riots. The starving people at Campillos, thirty-three miles northwest of Malaga, raided stores. The inhabitants of Trebujena, a village with a population of about 3,000, twenty-six miles northeast of Cadiz, are starving, and their misery cannot be relieved.

The failure of the relief measures at Jerez de la Frontera has caused serious conflicts. The conditions resemble a revolt against the authorities.

Four hundred residents of Cordova marched to the mayor's house and asked for work. One being told that there was no work to give, the spokesman of the crowd demanded that the mayor divide his money and belongings with them, as they were tied of starvation. A company of the civil guard was hurried to protect the mayor, but the situation in the town's is threatening.

Religious processions are being held in many towns imploring for rain, but none has fallen since the winter frosts began. Large areas are without corps. The government at Madrid is establishing municipal bakeries to reduce the high price of bread, and will facilitate the distribution of relief in the famine-affected districts.

More Water for New York.

The turning of a gate Wednesday admitted to the Croton aqueduct for the first time a new supply of water, amounting to 30,000,000 gallons a day, designed to relieve the partial famine caused by the enormous growth of population in the borough of the Bronx. The supply comes from the new Croton dam, behind which the city of New York has begun accumulating a great storage lake 18 miles long, fed by a dozen small streams. The reservoir has a capacity of 34,000,000,000 gallons, or nearly six times the capacity or the old Croton reservoir. With the turning of the water into the aqueduct began the repayment of the expenditure on the new dam of $6,000,000 of public money. The flow will continue daily at the same rate until such time as it will be possible materially to increase the figures.

The great engineering work is nearing completion. Six months more will see the final touch. It will then permit a supply of 90,000,000 gallons to be sent daily to the city.

Nearly 5,000,000 cubic yards of masonry have been laid and a buttress of solid granite, 206 feet thick at the base, holds back the waters of the Croton shed. The dam extends 2,200 feet across the valley, and is 300 feet in height. A roadway 22 feet wide crowns the top of the dam.

Four Facts For Sick Women To Consider

Lydia E. Pinkham's Vegetable Compound Has an Unequalled Record of Cures—Mrs. Pinkham's Advice Is Confidential, Free, and always Helpful

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful menstruation, leucorrhœa, displacements of the uterus, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, all uterine and ovarian inflammation, weakness and displacements, regulating menstruation perfectly and overcoming its pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

FOURTH.—Every ailing woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

Pleasant and Harmless.

Don't drug the stomach to cure a cough. One Minute Cough Cure cuts the mucus, draws the inflammation out of the throat, lungs and bronchial tubes, heals and soothes and cures. A quick cure for Croup and Whooping Cough. Sold by all druggists.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be warded off. There is no question whatever about this, as during the thirty years and more that Chamberlain's Cough Remedy has been used, we have yet to learn of a single case of a cold or attack of the grip having resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by Gibson & Timberman and W. F. Creighton & Co.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat or chest irritation, better act promply like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine on earth. At E. S. Leadbeater & Son's drug store; 50c and $1.00; guaranteed. Trial bottle free.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, MAR. 31, 1905.

IT IS SAID in Washington that considerable attention is being directed now by the politicians toward the continuous process of president-making. Many in the republican camp are practically agreed that Vice President Fairbanks now has the call for the nomination of that party for the presidency. The banquet at which he spoke last week at Greensboro, N. C., the meeting of the republican editors in Washington recently and the Ohio subsequent dinner at New York, all pointed in his direction. Besides, they say, he is the candidate of the "business interests." With these interests President Roosevelt is just tolerated. No available means was found of keeping him from the presidential chair. He was a disagreeable fact, and accepted as such. Now that these interests have him, they are determined to make the best of him. This best is to prevent him from doing anything of importance during his term of office, especially in relation to domestic affairs. If the "business interests" have their way, President Roosevelt's administaation will mark time on domestic matters.

COMPLICATIONS are arising to bother the President in carrying out his plan of establishing a protectorate over Santo Domingo. The Italian government desires to know all the ins and outs of the agreement. Her war ships are now off the coast of that republic, ready to enforce the settlement of claims. The Italian Ambassador called at the State Department yesterday and asked many questions about the proposed receivership. France and Belgium have not yet assented to the agreement. John Bassett Moore, formerly Assistant Secretary of State, yesterday visited the President to learn in just what shape the Santo Domingo Company is left. The receivership policy, if carried out, will prevent the Improvement Company from receiving its $37,500 a month, realized from collecting the revenues at northern ports. Mr. Moore intimated that he did not like the plan to have Professor Hollander investigate the company's claim.

PROFESSOR Wiley, chief of the Bureau of Chemistry of the Department of Agriculture, who strongly combats the theory of Professor Osler regarding the uselessness of old men, and who maintains that science is extending the span of life, makes the comforting declaration in discussing the aims and purposes of himself and other scientists in their efforts to extend the laws of health to the whole human race that a man should be young at 70. He says:

"The time is rapidly approaching when no man should die from disease, and few men should die from accidents" when men will die simply because they wear out, and the process of wearing out will be much slower than it has been because they will know better how to take care of themselves and will be freed from the ravages of disease. Prof. Wiley's ideas are much more popular than are those of Dr. Osler.

THE ROPE JUMPING craze has made its annual appearance with the advent of spring and during the past few days several deaths of children, resulting from over-exertion in trying to jump a certain number of times without resting, have occurred in different parts of the country. Such instances are reported annually, but the parents of thoughtless children seem to take no heed of the warnings.

THE President, says the Philadelphia Record, seems to be proceeding in his interposition in Santo Domingo as he did in the arbitration of the anthracite coal strike, solely upon personal initiative from motives of benignant desire to help a fellow-executive out of difficulty. But he goes a step further in employing the navy in aid of his benevolent enterprise.

THE Wisconsin legislature has passed the anti-cigarette bill which absolutely prohibits the sale or manufacture of cigarettes or cigarette paper in that State. The law—is a good one and should be placed upon the statute books of all the States and rigidly enforced. Statistics show that cigarettes undermine the health and kill hundreds of boys and young men annually.

THOSE WHO "run things" in Washing are gradually awakening to the fact that Minister Bowen is the cause of most of the trouble between the Venezuela and United States governments. This has been known to everybody but the administration for some time and it is believed that his recall would at once bring about a better understanding between the two governments.

MARCH came in like a lamb and went out like a lamb; neither were there many lionly demonstrations during the month. Taken all together, the weather of March has been quite well behaved.

In the Oxford Cambridge Inter-University sports held in London today, Warren Ellis Schutt, the Cornell University Rhodes scholarship student at Oxford, finished second in the three mile run.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., March 31.

The report emanating from St. Petersburg that President Roosevelt has been asked to mediate between Russia and Japan is officially denied at the White House this afternoon.

Minister Dawson at Santo Domingo City has cabled the State Department that he has received the President's instructions regarding the agreement for the temporary receivership of the island, and that he has transmitted them to President Morales.

Senator Elkins, of West Virginia, chairman of the Senate committee on interstate and foreign relations, had a conference with the President this morning after which he stated that he would call his committee together on April 17 to discuss railroad rate legislation and that it would meet off and on during the spring and summer. It is the President's desire that the subject be so thoroughly canvassed by the committee that Congress, when it meets in extra session next October, will have plenty of information at hand upon which to base proper legislation.

Mr. Elliott Danforth, of New York, the prominent democratic politician, is quite ill of typhoid fever at Providence Hospital in this city.

The fine weather of today attracted another large crowd to Benning to witness the races. The Spring Hunters' Steeplechase will be the attraction there tomorrow. Five other events are on the card. Some of the best horses from the prominent hunt clubs of Maryland, Virginia, Pennsylvania and the District of Columbia have been entered.

While the ministers of the Baltimore Conference of the Methodist Episcopal Church were in executive session this morning at the Foundry Church, the Laymen's association held its ninth annual meeting in the Sunday school room. Resolutions were introduced by Judge A. S. Taylor, of this city, recommending admission of of Laymen to the conference in equal numbers with the ministers. The resolutions stated that the Laymen "believed that when editors, agents, college and seminary teachers and supernumeraries are admitted to the annual conferences, Laymen should have the same right granted them." The resolutions propose that the proposition shall be submitted to the next general conference The resolutions were submitted to the committee and a favorable report will probably be made by that body.

The French Ambassador, M. Jusserand, had a half hour's conference with the President this morning. Following immediately upon the publication of a report from St. Petersburg that President Roosevelt would be asked to act as mediator between Russia and Japan, the call was considered significant. If such a request were to be made to the President it is more than likely that the French Ambassador would be the transmitting agent. Whether not he extended the invitation at this morning's call was not disclosed. On leaving the President, the Ambassador was very discreet in his replies to questions asked him. "Has the President been asked to mediate between Russia and Japan? I only wish it were so, said the Ambassador. He did not indicate to me that he had received such an invitation. I have nothing to do with the alleged peace negotiations."

Jiu-Jitsu, the Japanese art of self-defense, is endorsed by the special board of army and navy officers appointed by the President to investigate and report upon the need of better physical training at the United States Military and Naval Academies.

Rear Admiral Robley D. Evans assumed command of the north Atlantic fleet at Pensacola, Florida, this morning. The ceremony was very simple, consisting merely of the lowering of Rear Admiral A. S. Barker's flag on the Kearsarge, the raising of Admiral Evans's flag on the Maine, which is to be the new flagship of the fleet, and the customary salutes from all the vessels present.

The fact that malaria is spread by mosquitos is not a new discovery. The Asiatic Society, according to a dispatch received at the State Department from U. S. Consul Halstead at Birmingham, England, has just dug up a lot of Singhalese medical books written in the fifth century which record no less than 67 varieties of mosquitos and 424 kinds of malarial fever caused by the insects. This announcement was deemed of such importance that the news of the ancient discovery was cabled to London from Colombo, Ceylon, where the society was holding its meeting.

The Kaiser at Tangier.

Tangier, March 31.—The steamer Hamburg, having on board Kaiser William and the emperor's party, arrived here at 8:30 this morning. The Hamburg was accompanied by two French battleships. As the vessels steamed into port the batteships fired royal salutes in which the town batteries joined. Owing to the fact that a rough sea was running, it was impossible for the Kaiser to disembark, this morning, as planned. The Hamburg lay to waiting an opportunity to allow her royal passenger to land. The town has been gaily decorated in honor of the Kaiser's visit and great preparations have been made for his reception. Arches have been erected all along the line of march, and German and Moroccan flags are dislpayed on all sides. The plans for the reception include a "tea party" in Moorish fashion in a tent sent by the Sultan on the "Mashain plateau" where a letter welcoming the Kaiser by the Sultan will be read, a review of the garrison, a "Powder play" by interior tribesmen, and a visit with luncheon to the German legation. It is expected that the Kaiser will be able to land this afternoon, when the programme will be carried out as originally planned.

Paris, March 31.—The council of Ministers this morning discussed the Moroccan situation. This subject has been brought to the fore by the visit of Kaiser William to Tangier and by the declaration of Chancellor Von Buelow to the German reichstag, that Germany proposes to make her own agreements with Morocco, to protect the "open door," policy in that country.

Steeple Chase.

London, March 31.—The Grand National Steeplechase for a purse of 2,550 guineas, was run at Newmarket today. Kirkland won the race, with Nappertandy second, and Luckaway, third. Twenty seven horses started in the race. King Edward's horse Moorfay which was the favorite and was purchased to run in the race, was beaten.

Seventh Twins for Aged Couple.

Des Moines, March 31.—Mrs. James Bradley, of Chariton, a woman 63 years old, has given birth to twins for the seventh time. The babies are an eight-pound boy and a seven-pound girl. Their father is 78 years old. Besides the 14 twins, the Bradleys have three other children.

News of the Day.

At Elkton, Maryland, yesterday, John M. Simpers was convicted of murder in the first degree for killing Albert Constable and sentenced to be hanged.

Mr. C. H. Ackert, formerly general manager of the Southern Railway has been chosen fourth vice president in charge of the operating department. Mr. H. B. Spencer, has been appointed general manager to succeed Mr. Ackert.

Bones of dead men were broken and dislocated and their ligaments twisted and torn by Dr. R. Tait McKenzie, physical director of the University of Pennsylvania, and his assistants yesterday, in demonstrating the effect of jiu jitsu, the Japanese art of self-defense, upon the human frame. The demonstration was made in the gymnasium of the university, and was witnessed by many physicians, surgeons and students.

RUSSIAN AFFAIRS.

The Russian war party in St. Petersburg insists that if Russia is doing anything in the direction of peace it is without imperial sanction and is only an unofficial endeavor to induce Japan to waive cession of territory and an indemity.

M. Takahashi, Japan's special finance commissioner in London, stated that his country will adhere to the payment of an indemnity, probably the cost of the war, and that Japan is able to maintain an army in Manchuria indefinitely.

A representative of Japan stated in Paris that it is essential that Emperor Nicholas personally pronounce himself for peace, as Japan is fully aware that he is the sole autocratic power.

In Tokio it is stated that Field Marshal Oyama will push on and not give Russia a breathing spell, and the Russians should not close their eyes to the light of reason.

The German Foreign Office is not favorable to the suggestion of an international congress to restore peace, it being argued that nations thus taking part might seek selfish advantage.

Japan has taken over the administration of Manchuria, installing Japanese in place of Chinese officials, and have established their own police force at Mukden.

Peasants at Caseno, Bessarabia, have been broken out, demanding the lands held there by German settlers.

Metropolitan Antonius of St. Petersburg is severely criticised for his pastoral to the peasants, it being alleged it might act as a firebrand at this critical juncture.

Of the numerous demands made upon Emperor Nicholas in a petition by the Finnish Diet he has granted two—the suspension of conscription until 1908, upon payment of $2,000,000, and the irremovability of judges.

Appeals have been distributed in the churches of Moscow calling upon the faithful to safe-guard the autocracy by every means.

The Zemstvos will meet again late in April, when, if they fail to elect M. Shipoff president, it will be understood they will go the full length of their demands.

Mr. Takahashi, Japanese financial commissioner in London, says the war cost between $250,000,000 and $300,000,000 the first year, and it is estimated that it will cost $350,000,000 this year.

Animals in a Fight at Sea.

Several leopards, maddened by a storm, attacked an elephant on the steamer Neidenfels on its voyage from the far East to New York and one of the leopards had to be killed to end the fighting. The elephant died of its wounds shortly after the attack, and yesterday its offspring, said to be the smallest elephant ever imported, arrived in New York on the North German Lloyd steamer Gneisenau. The Neidenfels was in the Indian Ocean when the fight took place. During a gale three leopards broke out of their cages and attempted to take away from the mother elephant some carrots which she was eating. The elephant landed her trunk on the head of one of the leopards, and a moment later the others sprang at her from the rear. A chorus of howls aroused the officers on deck. The animal keepers drove two of the leopards back to their cages, but the third leopard tore the back of the elephant, upon which it had sprung, and was clubbed to death in the hope of saving the elephant. The midget elephant, whose mother was killed, is only three and a half feet high, although a little over 2 years old.

Elephant's Fury in a Fire.

Fire broke out Wednesday night in the animal barn connected with the winter quarters of Hargreave's Circus, at Chester, Pa., and there was graet excitement for a time. Charles Hoffman, the watchman, started a fire and a defective flue was responsible for the spreading of the flames. Pandemonium reigned among the animals, and while William Craig, the boss animal man; Arthur Beverly, the elephant trainer, and Hoffman, the watchman, were trying to get the beasts to a place of safety, Jumbo Second, the big elephant, became frightened and unmanageable. He swung his trunk with terrific force and struck Hoffman, the watchman, in the side, crushing three of his ribs and seriously injuring him. Hoffman was sent to the hospital and the elephant was taken out without doing further damage. The sixty employees, with the assistance of the fire department, got the fire under control after a hole had been burned in the roof.

Examination of Teachers.

A notice has been issued by the State department of public instruction to the teachers of the State that the uniform examination of teachers will begin at various points July 19 and 20 for the white teachers, and July 21 and 22 for colored teachers.

These examinations are held yearly and all teachers are expected to apply for examination in order that they may get licenses to teach in the public schools of the State.

Elder Denounces Camp-Meetings.

At the second day's session of the Delaware Conference in Whatcoat Church, Dover, Del., yesterday, some thing of a sensation was caused by the report of Presiding Elder J. H. Nutter, of the Wilmington district, in which he deplored the prevalence of camp-meetings during the summer months. He contended that they were, in a great measure, deterrent to the spiritual welfare of the Church.

Virginia News.

The 14-year-old daughter of a farmer named McHannie, of Northumberland county, was badly injured Wednesday, her clothing taking fire while burning brush. While blazing she drew water from a well and her mother extinguished the blaze.

W. H. Loving, a prosperous young farmer who lived near Bowling Green, Caroline county, blew his head off with a shotgun yesterday. He was alone and his body was not found until some time later. Loving was a great sufferer from dyspepsia. This probably caused his suicide.

While she was in the field with her brothers burning corn stalks near Savage Crossing, 6-year-old Eva Brinkley yesterday was burned from her shoulders to her knees. Her skin was badly scorched. Dr. Harre, the attending physician, thinks she cannot recover. In his efforts to stay the flames Eva's 14-year-old brother Floyd was seriously burned about the hand and arms.

Rev. C. W. Mathews, of Hereford, N. C., was arraigned before Mayor Baird, of Portsmouth, yesterday, on a charge of drunkeness. On his promise to leave the city immediately he was discharged. Mathews admits that he is addicted to drink and drugs. He was known in Portsmouth 10 years ago, where he was a pastor of a church. He is said to be a preacher of ability and power when he is able to control himself. When searched the police found a bottle of whisky, two vials of laudanum and a sermon on "Usefulness" on the prisoner.

Secretary Frank P. Brent, of the State Board of Education, says the board would likely soon make a reply to the charges of J. D. Eggleston, jr., who gave figures to show that Virginia school patrons are being compelled to pay exorbitant prices for their books. Mr. Brent characterizes some of Mr. Eggleston's statement as "misleading." An investigation indicates that the State has spent thousands of dollars for teachers' registers, which are printed by the J. L. Hill Printing Company of Richmond. The lowest price at which they can be obtained (in lots of 100) is 60 cents a copy. The regular price is 75 cents. Three responsible firms are said to be ready to print these books at from 18 to 25 cents each.

Deaths in Virginia.

Mrs. Ann E. Barrett, a widely known Richmond lady, died at her home in that city yesterday, aged 72 years.

Mr. Robert W. Burke, President of the National Valley Bank of Staunton, and one of that city's most substantial citizens, died there yesterday, aged 67 years.

Reginald Travers, son of Mr. and Mrs. Montague Travers, died in Richmond yesterday of erysipelas, aged 42 years. His body was sent to New York, where his parents live.

Mr. Philip P. Cooke died near Taylorstown, Loudoun county, yesterday, aged 35 years. His father is Mr. N. B. Cooke, who was a lieutnant in the Stonewall Brigade. The deceased was related to John Esten Cooke, the author.

Alexander Purvis, treasurer of the Hampton Normal School, died at the Dixie Hospital, near Hampton, yesterday, of heart disease. He was operated on at the hospital about a week ago, and the attending physicians thought he was recovering rapidly. He was a son-in-law of Robert C. Ogden, the New York millionaire.

Tragedy on the Sea.

A story of a tragedy on the high seas was told last night by Isaac Zucker in New York. Mr. Zucker had just returned from Savannah with the body of his son Morris, which he had rescued from a grave in potter's field of the southern city. The wrists of the boy were fastened with heavy iron manacles such as are used on shipboard, and when the boy was brought to New York and reburied yesterday they were still on his wrists. Mr. Zucker and his heartbroken wife believe the boy, who was seventeen years old, met death on the steamship City of Lexington, of the New York and Baltimore Transportation Company's line, plying between Baltimore and Savannah. The motive, they believe, was either robbery or because the boy had angered some member of the crew by unruly behavior. After being slain his body was thrown into the sea. Young Zucker, an adventurous youth, went aboard the ship as a stowaway on November 18 last. Three weeks ago his father learned that his body, with the manacles on the wrists, had been found in the harbor of Savannah and had been buried in a pauper's grave.

Divorce for Mrs. Henderson.

At the March term of the Clarke county Circuit Court, now in session at Berryville, a decree for divorce was yesterday granted in the suit brought by Mrs. Dorothy Henderson against her husband, George S. Henderson, to whom she was married last September. Mrs. Henderson's suit was based on the grounds of desertion and non-support. The plaintiff, who is a daughter of the late Major Henry, belongs to a distinguished Virginia family. She is said to have met her former husband at a house party given by Miss Julia Reid Taylor, of Winchester. She is a graceful equestrienne, and her superb riding has won her fame at the leading Virginia horse shows, including Richmond. Mr. Henderson is a Kentuckian, but resides in Virginia. In lieu of alimony Mrs. Henderson gets over $3,000.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Today's Telegraphic News

Peace Prospects.

Birmingham, March 31.—The Post says it has reason to believe that Baron Hayashi, the Japanese Ambassador to Great Britain yesterday informed Lord Lansdowne, Secretary of State for Foreign Affairs, of the terms on which Japan would consent to make peace. Distinct progress in the peace negotiations is expected to be made within a week

London, March 31.—Baron Suyematsu, who came here a year ago to negotiate a Japanese loan, in an interview with your correspondent this afternoon, asserted that Japan has been partially informed of a suggestion of peace having been made by America. He said: "America has requested Japan to elucidate her position in case of certain eventualities looking toward the stoppage of the war. Japan complied, although we have not announced our complete set of peace terms, because these have not yet been drawn up and we have no intention of announcing them until Russia makes direct overtures. But one thing is settled. That is, if Russia wishes peace, she must be prepared to pay an indemnity. Until Russia agrees to this it is useless to talk of stopping the war. We are in no hurry to seek peace, and we shall continue fighting until the indemnity is settled to our satisfaction. This part of our peace terms has been told to the American government. All talk of an armistice being arranged discussing peace is untrue. Japan is too familiar with Russian methods to agree to such a proposal, and there will be no cessation of hostilities until peace terms are actually accepted." From an authoritative Japanese source your correspondent is informed that Japan has neither officially nor unofficially asked President Roosevelt to mediate.

St. Petersburg, March 31.—The American Embassy here denies any knowledge of the reports that President Roosevelt has been selected to act as mediator in the negotiations for peace. There is a strong feeling here in favor of peace, but nothing definite is known of any steps having been taken toward ending the war. A leading industrial newspaper has come out in a strong article against the continuance of the war. It points out that 120,000,000 poods of corn worth 100,000,000 roubles are spoiling for lack of means of transportation. The agricultural and industrial situations are growing more desperate all the time and peace is the only solution of the present problem.

Woman Burned to Death.

New York, March 31.—Ellen Monahan, a widow fifty years old, was burned to death in her apartment on the first floor of 305 west 67th street, this morning, in a fire which for a time threatened the destruction of the entire building, a six story double tenement house. On the second floor lived John Ward, his wife and their six children. It was with difficulty that the woman succeeded in rescuing her husband, who had been confined to his bed for some time past suffering from an attack of pneumonia. Awakened by the rattle of fire engines and a smoke filled room, Mrs. Ward took her husband in her arms and ran with him through the hall. When she reached the first floor, where the fire originated, she encountered the flames. Securing a blanket she wrapped it about herself and husband and rushed through the flames, reaching the street in safety. She lost no time in getting back to her rooms, where she found her children panic stricken in their room. Taking her youngest, a five year old girl, in her arms, and ordering the other five to follow, she led the way down a rear fire escape. All escaped injury. The fire was extinguished after doing damage to the extent of several thousand dollars.

Alleged Embezzler.

Buffalo, N. Y., March 31.—Willard J. Blake, cashier of A. Booth & Co., a branch of the great fish trust, is wanted here on the charge of embezzling $12,000 belonging to his employers. Blake cannot be found in Buffalo. A Mrs. Mitchell, with whom Blake lived in a lavishly furnished house in Norwood avenue, is also missing. Mrs. Blake, wife of the alleged defaulter, and two children were deserted by him several months ago. Members of the fish trust in Chicago are here and have completed an investigation of Blake's books. They have sworn out a warrant for his arrest, and the police of all the large cities of the country have been furnished with a description of him. The alleged defalcation by Blake was discovered soon after a fire in the Booth establishment. In this fire an effort was made to burn the company's books. Blake is about 31 years old.

The Emperor and Parliament.

Buda-Pesth, March 31.—It is announced that an agreement has been reached between Emperor Franz Joseph and the Hungarian majority in Parliament, and the long standing difficulties over military and naval affairs have been removed. The disagreement between the emperor and the majority has continued for over two years and at times the relations became strained to the point where it was feared a crisis might arise that would disrupt the union. During the two years that the quarrel has been in progress, the majority has refused to contribute the sums demanded as Hungary's proportion of expenses, and thus the naval and military works have been greatly delayed.

Bank and Station Robbed.

McKeesport, Pa., March 31.—The First National Bank, of Elizabeth, and the east Elizabeth station of the Pittsburg and Lake Erie Railroad were entered by robbers last night. At the latter place a safe was blown open, but only a small amount of money secured. The safe at the bank was not touched for some unknown reason and the only damage done there was to furniture, which was badly scratched. At the bank a pane of glass was neatly removed and the latch opened. The robbers evidently were of the opinion that the safe was burglar proof or else they were frightened away.

Deaths from Spinal Meningitis.

Boston, March 31.—Five more deaths from spinal meningitis were reported at the office of the State board of health yesterday. The most prominent of those to succumb to the disease yesterday was the daughter of Senator Proctor, of Vermont. She was Mrs. Fred H. Holden, of Brookline. Mrs. Holden had been ailing for some time and it was not until the last few days that the physicians became sure that she was stricken with the dreaded "spotted fever."

The Nan Patterson Case.

New York, March 31.—The fate of Nan Patterson, the Floradora girl, who will be tried on April 10 for the murder of Cæsar Young, the bookmaker, hinges on the arrest of J. Morgan Smith and wife. The Smiths were arrested yesterday in Cincinnati and their presence at the third trial of the young actress will either result in her conviction or acquittal. The Smiths fled the city after being subpoenaed to attend the sessions of the grand jury which indicted Miss Patterson. Mrs. Smith is a sister of the accused girl. Their arrest in Cincinnati, where they had been trailed, followed an indictment here by the grand jury for a conspiracy. Governor Higgins will sign the requisition papers in Albany today and Central Office Detective McNaught will leave immediately for Cincinnati to bring the Smiths here. Assistant District Attorney Garvin will also go to Cincinnati to combat any legal proceedings which the Smiths may bring to prevent their extradition. Assistant District Attorney Rand, who has conducted the prosecution against Miss Patterson, is convinced that Hyman Stern, the pawnbroker who sold the revolver, with which Young was killed, will identify Smith as the man who purchased this pistol. Stern has already identified a photograph of Smith as the man who bought the revolver, thirteen hours before the shooting. With the revolver traced directly to Smith, the State feels assured that a conviction will follow. The Smiths will not be called as witnesses by the State, as they could take refuge behind the plea that their answers might incriminate them. If called to the stand, the prosecution will also be bound by any answers they might make. The prosecution purposes forcing the defense to call them to the witness chair. Assistant District Attorney Rand received a dispatch shortly before 10 o'clock this morning from Detective Sergeant McNaught, at Albany, to the effect that he had secured Governor Higgins' signature to the extradition papers for J. Morgan Smith and Mrs. Smith, and would leave immediately for Columbus, O., to obtain the signature of the Governor of that state to the papers. He will then go to Cincinnati to get the prisoners.

Cincinnati, O., March 31.—J. Morgan Smith and wife, brother-in-law and sister of Nan Patterson, who were arrested here yesterday on the charge of criminal conspiracy in connection with the murder of Caesar Young, are still locked up awaiting identification by men who will arrive from New York. Mrs. Smith spent a restless night, and is much worried. She confided to the matron that she had not slept a full night since her sister was arrested, and that she had resorted to the use of drugs in order to secure rest. Smith asserts that he has no fear of returning to New York, and says he is willing to go without requisition papers. A telegram from Attorney Levy, who is defending Nan Patterson, arrived for Smith, but it was not given to him by the police authorities. The telegram advised him to keep close a mouth and not discuss his case.

Albany, N. Y., March 31.—Governor Higgins today issued a requisition for Mr. and Mrs. J. Morgan Smith, brother in law and sister of Nan Patterson, the actress who is awaiting trial in New York city on the charge of having shot Caesar Young, the bookmaker.

Columbus, O., March, 31.—Requisition papers were received at the governor's office today and honored for the return of the Smiths to New York on the charge of conspiracy in connection with the Nan Patterson case. A detective brought the papers personally and will go to Cincinnati to take the couple back to New York.

The Rockefeller Gift.

Springfield, Mass., March 31.—Rev. Dr. Phillip Moxom, one of the most prominent congregational ministers in New England, in a statement today concerning the report of the prudential committee of the American board of foreign missions relative to the acceptance of Rockefeller's gift of $100,000, says: "Does the board of its servant, the prudential committee, represent the Congressional Church: This gift of $100,000 was offered to the board and unanimously accepted by the committee on February 14. Was the gift offered or solicited? Dr. Bradford says it was solicited. An officer of the board says: 'More was asked, $100,000 was got.' Does not responsibility begin with asking? Does the statement of the committee contain one valid reason for ignoring the moral issue raised at this time? Let a thousand of use put $100 each into the hands of the board to enable it to refund the standard oil money. Let the country see a church which can stand up and without winking 'damn the treacherous flattery' of such a gift and keep its missionary hands clean. Such a spectacle will do more to commend and enforce economic and civic rightousness, than all the preaching since Adam. It will do more than any thing else to stimulate pure giving to reach the non-Christian world."

Big Abdomen May Save Him $50,000

Geeen Bay, Wis., March 31.—The size of his abdomen promises to save Henry Rahr, a millionoire brewer, $50,000. That is the amount for which he is being sued for alienation of the affections of Mrs. Albert W. Holman, wife of a wealthy resident of the city. Mr. Rahr has a 56-inch waist and 250 pounds of avoirdupois, much of the weight being in the neighborhood of his waist line. During the testimony in behalf of Holman, witnesses swore that they had seen Mrs. Holman sitting on Rahr's lap. Mr. Rahr was ordered to show his lap to the jury. It was of infinitesimal dimensions, and, inasmuch as Mrs. Holman is not a petite woman, it was at once evident that testimony for the plaintiff was overdrawn.

Gen. Rosser Stricken.

Richmond, Va., March 31.—General Thomas L. Rosser, the newly appointed postmaster at Charlottesville, by President Roosevelt, suffered a stroke of paralysis today. His condition is pronounced critical. He was a West Pointer, but left the academy in 1861 to join the Confederate army in which he rose to the rank of brigadier general. He has been prominent in democratic and republican politics.

Closing of a Bank.

Lorain, O., March 31.—Posted on the door of the Citizens' Savings Bank Company here this morning was a sign saying the bank had been closed and an assignment had been made to T. W. Fancher, assignee; also that the depositors would be paid in full. E. F. Kanen, cashier of the bank, makes the statement that the assignment is due to speculations by persons connected with the bank that the shortage will reach $90,000 or thereabouts and that the shortage was unknown to the directors of the bank until yesterday. The bank is the oldest in the city and was considered one of the safest. It was first established in 1878 as the First National Bank of Lorain. In 1882 it assumed its present name and its capital stock was made $100,000. President Honekeer this morning made a statement that the defalcation through which the failure of the bank was brought about was made by the connivance of Cashier Kanen, Assistant Cashier Walker and Bookkeeper Walker. He says Kanen confessed to the directors last night, and that he and the other two men have agreed to turn over everything they have to help make good the loss. "The truth might as well be told first as last," said he. "The bank is a wreck. I don't think depositors will lose a cent. The stockholders will likely have to contribute some to make good the loss." Kanen and the Walkers were under bonds. The bank officials say they will allow the bonding companies to prosecute.

Double Tragedy.

Ogdensburg, N. Y., March 31.—A double tragedy occurred at Buckton, St. Lawrence county, yesterday when John Hall shot Sumner Hazen, his brother-in-law, and then blew out his own brains. Hazen, who was a widower, had been paying attention to Hall's young sister against Hall's wishes. Wednesday Hazen and the girl went away together and yesterday when they returned in a carriage to the girl's home Hall asked Hazen whether they had been married. Hazen replied: "You bet." Hall then secured a shot gun and shot Hazen throught the body, after the wounded man had been taken into the house, Hall fired through a window and hit Hazen again, as he lay on a sofa. He then went to the barn and killed himself. Hazen lived five hours after the shooting.

Loosening of a Hillside.

McKeesport, Pa., March 31.—The loosening of the hillside along the Baltimore & Ohio Railroad in the vicinity of Coulters was responsible for engineer F. W. Welsh, of 204 Courtland avenue, Glenwood, losing his right arm this morning, and came near causing a bad freight wreck. Engineer Welsh is in the McKeesport hospital where the arm was amputated this morning, and he will likely recover. The injured man was at the throttle of a westbound freight train passing Coulters, at 7 o'clock this morning, when a huge boulder rolled down from the hill, and crashed into the cab of the locomotive, crushing engineer Welsh's arm and inflicting several wounds.

"What's the Matter?" Said Corpse.

Pleasantville, N. J., March 31.—Spreading himself out like a flounder, Brakeman Harry Gray lay breathless between the rails of a Philadelphia & Reading spur track yesterday, while three freight cars passed over him. When the train was stopped a number of his fellow-employes ran to gather up his remains. The engineer bent over him lamenting his death when the "corpse" sat up and said: My finger hurts; what's the matter?" An examination showed that a mashed finger was the man's only injury. He had been standing on the edge of a car and fell between the rails. It was his first day on duty after three months' vacation due to a broken shoulder.

Vision of Mother Every Night.

St. Louis, March 31.—Under peculiar circumstances an advertisement has been inserted in newspapers throughout the country by Philip Miller, aged 24, an electrician, at No. 3007 Olive street, asking for the present address of his parents, J. J. and Matilda Miller, whom he has not seen since they placed him in the New York House of Reception when a baby. Miller says that some weeks ago he dreamed that his mother was in distress and wanted to see him. Every night since then the dream has recurred, and he has become so impressed that he is endeavoring to find his parents, although having failed many times previously.

Woman Loses Suit.

Paris, March 31.—The verdict in the suit of Carrie Swayne Gardner against Frank Gardner, the millionaire turfman, in which the woman sought to establish the validity of her marriage to Gardner, or alternatively to recover 40,000 pounds damages, was announced today. The action was thrown out of court, on all the claims. The woman is forbidden to bear Gardner's name, under penalty of a fine of 100 francs for any infringement of the order. She will appeal the case.

United Mine Workers.

Cumberland, Md., March 31.—The members of the United Mine Workers organization comprising the Georges Creek, Md., and Meyersdale, Pa., region in session here. The officers meeting held late this afternoon, Frank J. Brum, of Vole Summit, will be elected President and W. J. Foard the treasurer and secretary. Tomorrow action will be taken to settle the strike in the Meyersdale territory which has been on for a year.

War in the East.

St. Petersburg, March 31.—Dispatches from the front today state that the Japanese have made heavy reconnoissances against the Russian centre, the object evidently being to envelope the Russian position. The belief prevails that Field Marshal Oyama is preparing for another general attack and the indications are that a genuine advance of the main army with the wings far extended has already begun.

Miss Lee's Funeral.

The train bearing the body of Miss Mildred Lee, youngest daughter of Gen. R. E. Lee, who died in New Orleans Monday night, reached Lexington last night at 8:45 o'clock. The train was met by the faculty and students of Washington and Lee University, the faculty of the Virginia Military Institute and delegations from the camps of Confederate Veterans, Daughters of the Confederacy and Sons of Confederate Veterans, who escorted the body to R. E. Lee Memorial Episcopal Church, where it remained until today at 11 o'clock, when services were held by the rector, Rev. Dr. R. J. McBryde.

The remains was interred in a crypt in the Lee mausoleum at Washington and Lee University, where are buried General R. E. Lee, Mrs. Lee and her daughter, Miss Agnes Lee. Surviving Miss Lee are two brothers, Gen. G. W. Custis Lee, of Fairfax county, and Capt. Robert E. Lee, of New Kent county, and one sister, Miss Mary Custis Lee, who is now at Nice, France.

Adjt.-Gen. William E. Mickle, of the United Confederate Veterans, who lives in New Orleans, accompanied the remains from that city. Col. Robert E. Lee, of Fairfax county, nephew of Miss Lee, met the funeral train at Atlanta. A profusion of flowers, including many handsome designs, was sent by the women of New Orleans and of Lynchburg.

Capt. Robert E. Lee, a brother of the deceased, and Mrs. W. H. F. Lee, of Fairfax county, a sister in-law, attended the funeral

Railroad Notes.

The iron bridge which is to be placed across West End road opposite the site of the old Drovers' Hotel will shortly be placed in position. The structure is on the ground and the final arrangements are being made for erecting it. The massive abutments upon which it is to rest have been completed.

The work preliminary to double-tracking the electric railroad between this city and Washington is in progress. Railroad engineers were engaged today in extending lines on the extreme western end of Cameron street. The company, it will be remembered, recently acquired part of the northern portion of what was known as Peyton's Grove, with the intention of extending their tracks to a point near Spring Park where they will connect with the main stem. When this shall have been done the company will have two tracks upon which to leave or enter Alexandria. The north bound trains will use King street and the incoming trains Cameron street.

Negroes in a Fight.

Some excitement was created Sunday on Fayette street, between Cameron and Queen, by a negro named Edward (alias "Duck") Davis, who become involved in a difficulty with another colored individual. Davis, armed with a razor, chased his antagonist and in doing so fell and the object of his wrath escaped. It was also alleged that Davis had assaulted a young mulatto woman, blacking both of her eyes. Officer Sherwood obtained the above information from certain witnesses and, Davis having been arrested by Officer Mayhugh, the case came before the Police Court this morning. The woman in her statement said that Davis did not assault her, but that she had been beaten Monday by a strange darkey. The other witnesses told stories at variance with their statements to the officer, and Davis was dismissed. The white man is said to be uncertain; in obtaining evidence from one negro against another the black man is equally slippery.

Danger in Candies.

Thousands of boys and girls in Pennsylvania will be deprived of their customary candy Easter eggs if the crusade started in Pottsville by State Pure Food Inspector R. M. Simmers is successful. Simmers secured samples of coloring matter used by manufacturers and chocolate Easter eggs. These and the chocolate cakes he has found contain a large quantity of Standard Oil paffine and powdered marble, unfit to be put into the stomach. It would be well for the authorities in all States to examine some of the articles in the shape of candy sold to children. There is every reason to suppose that much of the stuff displayed in the smaller stores is deleterious to health. Its cheapness is the best indication of its worthlessness.

Sharps and Flats.

Sharps and Flats are busily engaged in rehearsing Fra Diavolo to be produced two nights, beginning May 4. This is the heaviest opera the organization has ever attempted, but the rehearsals have been so encouraging that it is safe to predict that the production will be a success in every particular. The caste will include some of the best singers of this city and Washington, while the chorus will be composed of some of the leading singers in this city. Owing to other engagements Miss Mai R. Greenwell will not appear in this opera. This is to be regretted very much, as Miss Greenwell has endeared herself to the music-loving theatregoers of this city. Her place will be filled by a young lady from Washington.

The Passing of March.

The month of March, 1905, which closes at 12 o'clock to night, has been phenomenal by the absence of high winds and other elemental disturbances. The ides have been pleasant and spring-like with a thunder shower a week ago tonight. The month came in lamb-like and is making its exit in the same pacific manner. But there will doubtless be meteorological vagaries during the month we enter to morrow.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Edward Davis, colored, arrested by Officer Mayhugh for disorderly conduct, was dismissed.

Albert Burton, colored, arrested by Officers Henderson and Lyles charged stealing a guitar from Julius Curty, was dismissed.

Personal.

Hiram Lodge of Masons of Winchester gave a banquet on Tuesday night at which Mr. J. E. Alexander, of this city, was present and made a speech. The Star says: Mr. Alexander, who is a past grand master of Virginia Masons, made a beautiful address and one that impressed his hearers. Mr. Alexander is the gentleman who some years since publicly installed the officers of Winchester Commandery No. 12, Knights Templar.

Mr. W. H. Mountjoy is to remove to Fairfax county, and in future will reside near Herndon.

Mrs. Mary A. Gahan is ill at her home in the southwestern part of the city.

It is understood that Mr. Edward L. Jordan, of Ballston, Alexandria county, will be a candidate for the Legislature at the coming primary election. Mr. Jordan is president of the National Liquor Dealers' Association of the United States, is editor of the International Plateprinters' Journal and is identified with labor organizations.

Rev. R. H. McKim, of Washington, preached last night at Christ Church of which he was once rector. He took for his text "Behold we go up to Jerusalem," and delivered a very instructive and interesting sermon. A large congregation was present, among them many of his former parishioners.

Test of Fire Extinguisher.

Shortly after 11 o'clock this morning the merits of the "Minimax" fire extinguisher were demonstrated on the old Pioneer Mill common. Five large boxes were piled up and saturated with pine tar and coal oil and set afire. After the flames had gained headway the extinguisher was turned on them and inside of five minutes the fire was completely subdued. The test was witnessed by Fire Chief Pettey, Fire Warden Summers and a number of citizens, and was pronounced a complete success. The test was conducted by Mr. G. W. Frosberg, of Washington. Messrs. W. S. Moore and Sons are the local agents for the extinguisher.

Fish Coming.

The unloading of fish from vessels at Fishtown has commenced, and tubs were being filled this morning. The effluvium of early spring was in evidence, and there were renewed signs of activity on the wharves. Some fish are being shipped, but the high prices are contracting the sales. Herring were selling at from $1.50 to 1.75 per hundred and shad at 65a75 cents for roe and 30a35 cents for buck. The catcher of pan fish hereabouts is satisfactory, and they are selling at more reasonable prices.

Funeral.

The funeral of Mrs. Caroline M. McKeany, wife of First Sergeant Joseph D. McKeany, Forty-seventh company C. A., stationed at Fort Hunt, took place this morning from St. Mary's Church. Rev. Father Cutler conducted the services and the pallbearers were six sergeants from Fort Hunt. A number of other members of the command at that place were present. Mrs. Nettie Donnelly Brill sang "Lead Kindly Light" beautifully and inspiringly.

Took Formal Charge.

Mr. Lewis McK. Bell today took formal charge of the office of Collector of the Port of Alexandria. Mr. Marshall L. King, who for the past eight years has occupied the position, having turned over the office and papers to the new appointee. There will be no change in the employees.

W. C. T. U.

Rev. F. J. Brooke, D. D., gave an appropriate as well as interesting talk at the temperance prayer meeting last night. There were about 50 present. The union would much appreciate a gift of chairs. Anyone having a spare chair is asked to donate it to the union, for use in its meetings.

The Ferry.

An unconfirmed rumor was in circulation today to the effect that the Pennsylvania Railroad Company had again put a quietus upon all hopes of re-establishing a ferry between Alexandria and Washington by showing its distavor to the movement. The report could not be verified.

Auction Sale Tomorrow.

Captain R. F. Knox, auctioneer, will offer for sale at noon tomorrow in front of the Royal street entrance to the City Hall a house and lot of ground situated on the east side of Columbus street, between Wilkes and Gibbon.

Got Off Cheap.

He may well think he has got off cheap, who, after having contracted constipation or indigestion is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at E. S. Leadbeater & Sons' drug store; guaranteed.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by Gibson and Timberman and W. F. Creighton & Co.

By the Tonic Route.

The pills that act as a tonic and not as a drastic purge are DeWitt's Little Early Risers. They cure Headache, Constipation Biliousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel clerk at Valley City, N. D., says: "Two bottle cured me of chronic constipation." Sold by all druggists.

FOREIGN NEWS.

A dispatch from St. Petersburg says that General Kharkevitch has been appointed chief of staff, to General Linievitch in place of General Sakaroff, who, with Baron Stackelberg, has become a member of the committee that will care for the wounded soldiers.

A dispatch from London announces the death of Dowager Duchess of Abercorn at the age of ninety-three. The Dowager Duchess of Abercorn was the oldest Dowager Duchess in the British peerage. She was Louise Jane Russell, daughter of the sixth Duke of Bedford, and was born in 1811.

In the French Senate today M. Delcasse, Minister of Foreign Affairs, was questioned in regard to the Moroccan situation. He stated that France's intentions towards Morocco are entirely pacific. The interests of all nations were safeguarded when the treaty was made and no protests were offered at that time.

The steamship Manitou, of the Atlantic Transport line, put in Falmouth, Eng., today with a broken thrust shaft which had practically disabled the vessel. The Manitou left Tilbury for New York on March 17. The break occurred when the vessel was a hundred miles out at sea, whereupon the captain made for the nearest port.

The Ten Biggest Ports

What are the ten greatest maritime cities of the world? How many could name them all, or even a few of them? How many could name the biggest of all? A report just issued by the Department of Commerce makes such a comparison possible, and it involves some surprises. The total vessel tonnage movement (entered and cleared) of the ten largest maritime cities, based upon reports of either 1903 or 1904, was as follows:

	Tons.
Hongkong	19,204,889
London	19,063,629
Antwerp	18,177,296
New York*	17,936,114
Hamburg	16,894,792
Liverpool	14,499,618
Rotterdam	13,579,620
Cardiff	13,179,156
Shanghai	12,342,535
Singapore	12,004,919

*1904; all others 1903.

The vessel tonnage movement of these ten cities totals about one-half of the aggregate of the 42 leading ports of the world. Nearly everybody would have thought of London as leading the list, but she stands second. Most persons would have put New York second, but she is fourth. It may be said of London and New York, however, that, unlike Hongkong, Antwerp, Liverpool and the other cities on the list, they are not merely maritime cities. Their shipping is one of their largest, but is is not their only great interest. Take away their shipping and they would undoubtedly suffer much, but still a great deal of their prestige would remain. For instance, New York is undoubtedly losing some ground in her export trade by reason of the diversion of grain and produce to other Atlantic and Gulf ports, and if that diversion went far enough it would injure her import trade, for ships like to go to ports where there are cargoes to be obtained as well as cargoes to be brought. But this loss has made no appreciable effort upon the business of New York as a whole, for she is constantly gaining in financial power. —[Wall Street Journal.

To Study Changes in Great Lakes.

The President has selected the American members of the joint international commission to study the effect on the navigation of the Great Lakes of the changes of level expected to result from the execution of the deep water way project. They are George Clinton, a lawyer of New York, Gen. Oswald Ernest, corps of engineers, U. S. A., and Professor Gardner Stewart Williams, professor of hydraulic engineering at Cornell. The Canadian commissioners are J. P. Maybe, of Toronto; W. F. King, Dominion astronomer, of Ottawa, and Louis A Coste, civil engineer of Ottawa, with Thomas Cote as secretary. The American commissioners have been instructed to arrange a meeting among themselves for organization and then to correpond with the Canadians and select a time and place (probably Toronto) for the joint meeting to begin the work.

Cheap Bananas.

Buyers of bananas know that for several weeks past the retail price of this fruit has been lower than for many years. Some say they never knew the price for choice stock to be as low as at present, when fine fruit can be purchased from 4 to 10 cents a dozen, the last-named price being rarely asked. The cheapness of bananas has been generally attributed to competition between the United Fruit Company, of Boston, and the Atlantic Fruit Company of this city. These concerns practically control the importing trade of the fruit to this country. The Baltimore corporation was formed only about six weeks ago and is made up largely of the importers and dealers north and east of the gulf, which were previously independent of the United Fruit Company.—[Baltimore Sun.

To Evangelize New York.

Seth Low, assisted by a small army of ministers of the gospel, is preparing to carry on in New York this summer an evangelistic campaign, which will aim to reach the back-sliders of every part of the city. Ten tents, with a greater aggregate area of canvas than was ever carried by the "largest show" on earth will be erected in Manhattan, and several other tents will be conducted in Brooklyn and the Bronx. Mr. Low and Dr. W. H. Thompson are the vice chairmen of the work, and they expect to raise more than $50,000 to carry on the revival. One of the features of the movement is to be the absence of the contribution plate during the service. Rev. James B. Ely, who has carried on tent evangelical work in Philadelphia for six years, is organizing the campaign. He says if the poor men and women are asked to pay when they go into a tent service they will not continue to attend. It is therefore, necessary to raise the funds for the campaign from the rich churches.

President Selects Army Heads.

President Roosevelt has determined upon the heads for the army during his administration. General Adna C. Chaffee will be succeeded by General John C. Bates, who, in turn, will give way to General Henry C. Corbin, who is now in command of the Philippine division. Major General Bates, now in command of the northern division, is booked first for the post of assistant Chief of Staff. General G. L. Gillespie now holds this position, but he will go out on or before October 1. General Bates will serve as assistant until the retirement of Lieutenant General Chaffee, on April 14, 1906, at which time General Bates will become lieutenant general and Chief of Staff. He will serve in that capacity until August 6, 1906, and be succeeded by General Corbin, who will return from the Philippines.

Must be Quick.

When you go to consult a distinguished physician whose time is precious it is well to be clear and prompt in your statements, advises "The Buffalo Commercial," which adds: "A young woman who was slow and confused in explaining her wants in the ante room of a busy Buffalo physician the other day was hurried into an inner office, placed in a chair and had her stomach pumped out with the neatness and dispatch that come with daily practice. While some perscription was being written the astonish young woman found her voice and managed to make it known that it was her sister whose symptoms she had tried to describe."

Secretary Hay.

Algiers, March 31.—Secretary of State John Hay sailed on the White Star liner Cretic for Naples at noon today. The Cretic arrived here last evening, and Secretary Hay was one of those to come ashore. This morning, the American consul visited Secretary Hay aboard the ship. He stated afterwards that the improvement in Mr. Hay's condition continues steadily.

No Use Scaring This Goat.

Macungie, Pa., March 31.—The "ammonia gun," which Victor George, of Lower Macungie, carries with him to use on troublesome dogs when he goes bicycling, only enraged a still more annoying goat. When Victor picked himself up the goat's horns were hooked into the forward wheel and the "Billy" back away to release himself he and the wheel fell 30 feet into an ore pit. "Billy" was recovered, but little bruised, but the wheel was past recovery.

New York Stock Market.

New York, March 31.—The stock market was unusually quiet during the first hour, but prices where there was trading made moderate gains, with the Southern Iron stocks forced into prominence by the merger rumors and predictions of a coming deal. Commission house business was small. The most important factor, according to those studying room conditions, was the decreased supply of stock.

Trousseau as Suicidal Garb.

Wrapping his wife's wedding garments about him, young Joseph Rogist, who was wedded but six months ago, committed suicide in unique fashion at Mahanoy Plane, Pa., yesterday. Poor health and misfortune had led him to worry greatly of life, and, placing a stick of dualin in one of his pockets, Hogist, with the bridal trousseau as his drapery struck the outside of the pocket with a club and blew himself to fragments.

Because four brakesmen on the New Haven and Dunbar Railroad struck for higher wages, at Connellsville, Pa., today, the Dunbar Furnace Company plant, the Cement, Coal and Coke Co., the Freeport Mine and the Pope Cement and Fire Brick Company, are shut down, throwing 560 men out of work.

Girls' Spring Clothing.

Our new spring stock is shown in its entirety, and this season's values are intrinsically the best we have ever offered.

Our Girls' "Peter Thompson" Suits—always good—are better than ever.

We have succeeded in making the manufacturers put a better and finer serge into this season's suits than ever before used. They are made by men tailors. All trimmings are of silk. Every seam is silk bound and double stitched. The "Peter Thompson" is the most stylish and serviceable suit a miss from 12 to 20 years old can wear.

Prices, $15, $18.50 and $20.

GIRLS' NEW TAILOR-MADE SUITS.

They are usually smart and attractive, some being quite elaborate.

New effects in fancy Cheviot Suits, with bright braid trimmings and contrasting broadcloth collars; blouse jack and shirred skirts; sizes 14 to 16.

$22.50 each.

Handsome Broadcloth Suits, fancy white vest and pearl buttons; blue and brown; jacket cutaway effect, and kilted skirt; sizes 14, 16 and 18.

$25 each.

GIRLS' AND MISSES' RAIN COATS.

We also have on sale our new spring line of Rain Coats for girls and misses. They are made in new, jaunty, girllish styles, and are thoroughly rainproof.

$6, $7.50, $10 and $12 each.

Third floor—G st.

Boys' New Spring Clothing.

Special attention is called to the following items, representing, as they do, very unusual values:

Our Boys' "W. & L." Special $5 Suit.

Blue serge and fancy mixtures. These are the very best suits made at the price. We show them in sizes 7 to 16. Seven points of superiority: High-grade Cloth, Haircloth Fronts, Serge Lined, Silk Sewed, Bottoms Faced, Lined Pants, Double Seats and Knees.

Special Price, $5 Each

Boys' Top Coats, in the various shades of tan; cut in the latest style, with broad shoulders; well fitting; sizes 8 to 16.

$5 up. A very special value at $5.50.

Little Boys' Reefers, in golf red, navy blue and tan; elegant quality material; well made and well finished; sizes 2½ to 12.

Special price, $5 each.

Little Boys' Spring Overcoats, Russian style, belted all around; navy blue serge; sizes 2½ to 8.

Special price, $5 each.

Boys' All-wool 2-piece Suits, of navy blue serge and fancy mixtures—light and dark effects; well made and well fitting; pants lined throughout; sizes 6 to 17.

Special price, $3.75 each.

FRIDAY EVENING, MAR. 31, 1905.

HICKS FOR APRIL.

A marked change to warmer will pass from west to east over the country during the first two or three days of April. There will be storms of rain, wind and thunder, centering on and touching Monday and Tuesday, the 3rd and 4th. The tendency to hail storms will be greatly increased. The period will end in change to much cooler with probable snow flurries northward, and cool to frosty nights to the 6th.

The 7th and 8th changes to warmer with outbreaks of rain and storminess and make their transit to eastern sections, being followed by change to much cooler.

A regular Vulcan storm period extends from the 11th to the 15th, and rain with thunder will touch numerous localities in their progress eastward over the country.

The next storm period includes the 17th to the 20th inclusive. Very threatening electrical storms, violent and possible tornados in places westward and central are possible and probable. These storms will break up into snow squalls over much of the country northward and be followed by several days of bleak to frost wea her.

The next regular storm period is central on the 24th, and April showers will thicken into wider and heavier thunder storms. At all the periods in April up to this period, many parts of the country will get more rain than for many months past.

Change to fair and cooler will follow this period up to the 26th. On the 20th reactionary storm conditions will return. April will end with much warmer weather and a series of thunder showers passing eastwardly across the country.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided by keeping their digestion in good condition with Electric Bitters. S A. Brown, of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." E. S. Leadbeater & Sons, druggists, sells and guarantees them at 50c a bottle.

A Dinner Invitation.

After a hearty meal a dose of Kodol Dyspepsia Cure will prevent an attack of Indigestion. Kodol is a thorough digestant and a guaranteed cure for Indigestion, Dyspepsia, Gas on the Stomach, Sour Risings, Bad Breath and all stomach troubles. N. Watkins, Lesbus, Ky., says: "I can testify to the efficacy of Kodol in the cure of Stomach Trouble. I was afflicted with Stomach Trouble for fifteen years and have taken six bottles of your Kodol Dyspepsia Cure, which has entirely cured me. The six bottles were worth $1,000 to me." Sold by all druggists.

Nothing will cure Indigestion that dosen't digest the food and give the stomach a rest. It isn't necessary to starve yourself in order to rest your stomach—take Kodol Dyspepsia Cure. It will digest any quantity of all the wholesome food you want to eat while your stomach takes a rest—recuperates and grows strong. This wonderful preparation is justly entitled to all of its many remarkable cures. Sold by all druggists.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Inflammatory Rheumatism Cured.

William Shaffer, a brakeman of Dennison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says. "Finally I sent to McCaw's drug store for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by Gibson & Timberman and W. F. Creighton & Co.
